Follow Your Yellow Brick Road...

"Follow Your Yellow Brick Road." This saying has a different meaning for each and every one of us. Our student population is so diverse we will all head down different paths in life trying to find our own "Emerald City."

Much like the spiral at the beginning of the yellow brick road, Vic High is a starting point for the leaders of the future. During our two years here, we may occasionally doze off in class, gossip with friends, and throw eraser bits at our teachers when they turn their backs, but most of us also learn some important things about the world and about ourselves. Chances are we will use what we learn at Vic High in the quest to find our "Land of Oz," whatever Oz might be.

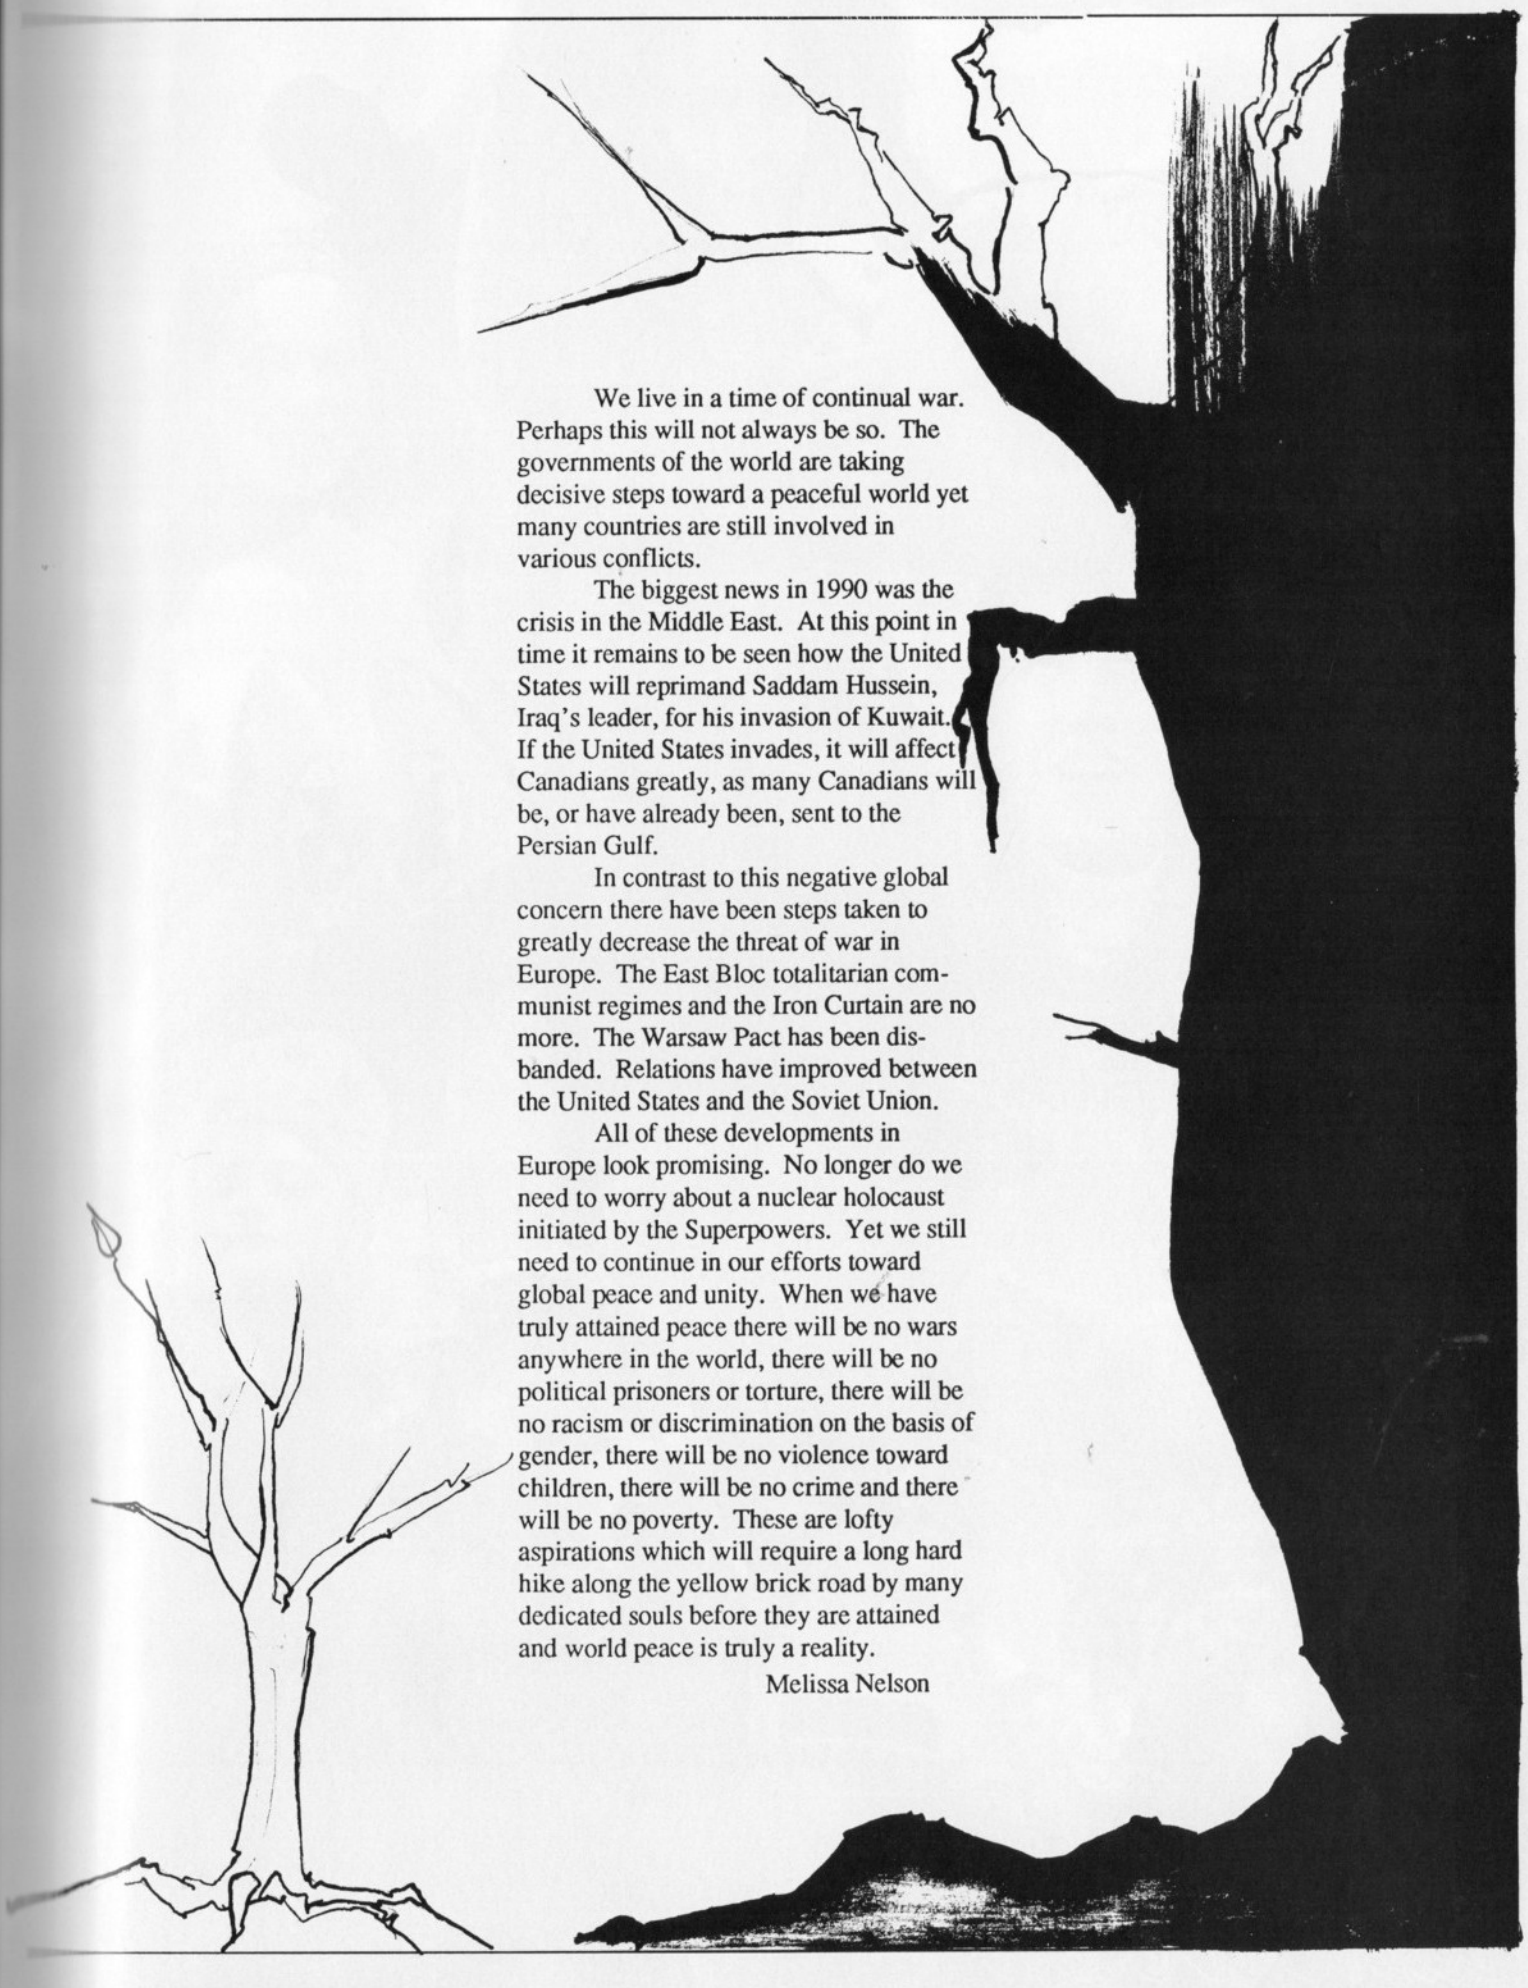
War Remembered...

The acting 11 class presents its annual remembrance day ceremony. Each year the students provide deep insight into the costs of war, keeping the memory alive. Art makes a profound impact on the audience and this year it was especially important with Canada's involvement in the Persian Gulf.



We live in a time of continual war. Perhaps this will not always be so. The governments of the world are taking decisive steps toward a peaceful world yet many countries are still involved in various conflicts.

The biggest news in 1990 was the crisis in the Middle East. At this point in time it remains to be seen how the United States will reprimand Saddam Hussein, Iraq's leader, for his invasion of Kuwait. If the United States invades, it will affect Canadians greatly, as many Canadians will be, or have already been, sent to the Persian Gulf.

In contrast to this negative global concern there have been steps taken to greatly decrease the threat of war in Europe. The East Bloc totalitarian communist regimes and the Iron Curtain are no more. The Warsaw Pact has been disbanded. Relations have improved between the United States and the Soviet Union.

All of these developments in Europe look promising. No longer do we need to worry about a nuclear holocaust initiated by the Superpowers. Yet we still need to continue in our efforts toward global peace and unity. When we have truly attained peace there will be no wars anywhere in the world, there will be no political prisoners or torture, there will be no racism or discrimination on the basis of gender, there will be no violence toward children, there will be no crime and there will be no poverty. These are lofty aspirations which will require a long hard hike along the yellow brick road by many dedicated souls before they are attained and world peace is truly a reality.

SKIPPING OUT

Right: Two students are taking it slow
and easy.

It's one of those rare sunny winter days in Victoria, one of those days when almost every cool store is having a sale. It is also the day of the big math exam, which nobody studied for.

Guess what? About a third of the class doesn't show up for the test. There must be a bad flu-bug going around (ha-ha).

Whether our school's administrators admit it or not, the majority of students skip out sometime during their two (or more) years at Vic High. Skipping out has become what psychologists might refer to as "an unhealthy teenage habit."

Some students miss their morning classes because they sleep in, some students feel a sudden urge to go for a cigarette, others want to go shopping. Whatever reason students skip school for, it became a lot harder to get away with this year. The school got a new computer system the checks to see what classes students miss. If a student skips a class, the school gives his or her parents a phone call.

However, it is likely there will always be a group of hard-core skippers who will take the risks of skipping or will find a way to out-smart the new computer system.

LUNCH CROWDS

It's 11:00, and 600 hungry students are heading from their B block classes to at least a hundred different lunch-hour hang-outs. Some lucky students who live close to Vic High go home for a hot, gourmet meal. Others settle for cafeteria fare or packed lunches. Some students have no lunches at all.

When the lunch bell rings, students scatter in all directions, much like energy being released from an atomic explosion. There are many different groups of friends who eat their lunches in the hallways. There is the cafeteria crowd, who have always enjoyed a good food fight. Then there are the students who feel lunch time is not the time to take a break.

These are the super jocks, who like to play sports during their lunch break. And the studious types, who do homework and study for tests. And the art-room crowd, who have too much creative energy to take a break for lunch.

Quite a few students kick up their feet and enjoy a cigarette in the stadium bleachers (o.k., a lot of them smoke in other parts of the school grounds, but the Big Guy says they're only supposed to smoke in the track stadium).

An outsider analyzing Vic High's lunch crowds would probably be impressed with the virtual non-existance of cliques. The groups of students who eat their lunches together are composed of not one type, but many different types of students.

One may observe a jock, a banger, and a skater eating their lunches together.

There is not a Vic High image that everybody tries to fit. A lot of Vic High students aren't afraid to express themselves, and it shows in our widely varying appearances.

Individuality has a lot to do with what makes Vic High such a good school. There is no better time to observe Vic High's individualty than at lunch, when students all head in their own direction.

Christmas

Christmas this year was a confusing affair. A normal though wet winter was suddenly disturbed by an arctic front that brought a blanket of snow, blistering winds, and icy roads. Because of the weather students had the opportunity to shop early when the school closed down for a day.Upon return to school things were confusing. Teachers scrambled to try squeaze in tests to half empty classrooms. To reward the brave souls who still weathered the storm to come to school the administration treated everyone to hot chocalate. Although, the most disapointing of all was the cancellation of the annual staff fools christmas parade.

Friendship and...

Tolerance

Mrs Neumann once stated that we should celebrate our differences. At Vic High we certainly have the opportunity to do just that. The school population is diverse in age, interests, and cultural background. But our differences do not prevent us from making friendships with one another. Vic High seems strangely isolated from the cliches and trends that plague other schools. We truly have celebrated our differences and embraced all those that come into the school.
Just think of the events this year. Thrash bands played, dances were held, people of all walks of life shared lunch and a shuffle at hacky-sack together, and in an atmosphere of respect we debated and struggled over the war. One other event this year at Vic High struck me; it was the memorial for the women killed in Montreal. Students gathered and shared their feelings: men, women, teachers and students - everyone equally. At that point I realized the importance of tolerance and love of one another and the phrase" celebrate the successes, triumphs, ideas, the 'differences' that we share."

Spring Stairs...

Springtime

After the winter blues spring finally sputters in. At Vic High students respond by diving onto the stairs to watch others playing frisbee or soccer, eat their lunches, forget about school, plan parties and jaunts to the beach, and even occasionally study. Love of course blooms in the season and romance is kindled on the fresh stairs under the entrances marked auspiciusly Boys and Girls. It seems quaintly right that students fall in love under the symbols that hoped to keep them separated.

STUDENTS

Students Council worked throughout the year planning activities for the students at Victoria High School. Who will forget the teachers bending low to kiss a pig thanks to Chris Kask or the loud sounds from the auditorium when the Thrash bands played, raising money for street kids? Dances like "Enchantment under the Sea" or Halloween would have been impossible without the sponsorship and support of the council. Retreats were a blast. COUNCIL

President's Message

The Vic High Student Council has had a very busy year. The Student Council has organized several events which the students could participate in: Cornerstone Breakfast, Concert T-shirt Day, Cologne/Perfume Day, Karoake Singing Contest, Pumpkin Carving Contest, Breakfast with Santa, Halloween Dance, Jellybean Contest, Airband Contest, that Vic High 'Spring Fling', and of course we can't forget that special coin-drive where at the end Mr. Jung and Ms. Van Heteran were willingly kissed the Vietnamese, Pot Belly pig. We were able to pay for Vic High's foster child because of this cause. Finally, we were able to put on the "Enchantment Under the Sea" dance in April (though we had to cancel two dances in a row due to the snow and the teacher strike).

The executive council and the members at large have worked hard and the participation of the students has been appreciated.

Grad Committee

Grad Committee

Each student waits twelve or thirteen years to graduate and at the end of their grade twelve year they want a fantastic party and they want to go out with a BANG!! It's our job to organize this fantabulous event and try to please everybody. The Grad Committee has spent hours in meetings thinking up all kinds of ideas and ways to celebrate. But the reality is no matter what we decided we can't please everyone. This Grad party was the best ever and the Grad Committee made it happen. Good luck to our two grade eleven members, Melissa Dunn and Joe Huntley, next year it's your job!

Rap Contest

Jackie McDonald's first semester acting 11 class put on the shades and busted a move at the province wide anti-substance abuse contest. We rapped our way past the regionals, at Tillicum Mall, to the finals, in the far and distant land of Burnaby. Thanks go to busdriver Bob, who transported us safely to this destination. Here's the rap that put Vic High on the R+B map.

Drinking and driving
You may think it's a thrill
But it can maim, injure and kill
Is d+d worth it if someone dies
Well if that's what you've been told
It's a big lie
Now we're not here to tell you right from wrong
We're just expressing our opinion in this song
When you drink and drive, you're out of control
'Cause alcohol's a drug and it takes its toll on your brain
If you don't believe this you're insane
You'll cause a lot of pain
And watch your life go down the drain
So take a taxi, take a bus, take a tip from us
If you want to stay alive, don't drink and drive.

Sky Club

Sky Club

What is SKY Club? SKY Club is a group of students who every Wednesday afternoon visits the elderly at the Oak Bay Kiwanis Pavilion. Each student at the beginning of the year is assigned a resident. Individually, we go for walks, read books, write letters, garden, or just provide a little company and conversation. It is very easy for us to become attached to our residents. I speak for all SKY Club members when I say that we really enjoy our time with our residents.

Every May there is a conference for all SKY Club members from B.C., Washington, Oregon, and the Yukon. This year we are going to Fort Warden State Park in Washington state. At the conference we are able to meet other SKY Club members and forge new friendships while we learn how to give better care to our residents. Last year our SKY Club won a number of awards at the conference. Next year the SKY Club conference will be held at the University of Victoria.

This is just a brief over-view of what SKY Club is and what we do with it. What I cannot express in words is the feeling of being important in someone's life.

Outdoor

Have you ever seen Mr. Campbell driving Vic High's school bus filled with backpacks and smiling kids? Then you've probably seen us taking off to some location on Vancouver Island. Maybe we were going to Carmanah, only to find that nobody was allowed on the trails because they were "fix-ing-them-up". No worries, we just load back on the bus and trek to the Walbran. Vic High has a trail of it's VERY OWN there! This means we have the duty of keeping it clear and safe. We don't mind though; we love hard work! Take us to Flower Ridge and let us hike like REAL Canadians! Then to Long Beach to relax by the sea. All this fresh air requires a strict diet of bagels and the infamous Mc Donald's "dinner" stop on the way back. YOU GOTTA EXPERIENCE IT!!!!!

Nothing to do with Mayonaise

"You touched my butt!"

Thanks to Jackie MacDonald, the play "Nothing to do with Mayonaise" was a grand success in a minor way. The Vic High Theatre Co. was asked to address the problem of Drinking and Driving—they did so by writing, directing, and producing a play, with the main purpose to entertain and educate, rather than preach. The cast included Jacob "the Nerd" Cino, Rita "the Slut" Frost, Duncan "the Dude" Parker, Jennifer "the Wierdo" Bain, Jennifer "the Prude" Andrews, Josh "the Joker" Miller, and Aaron "the Bully" Dragushan from Vic High, as well as Colin "the Drug Pusher" Peacock from Lansdowne and Dana "the Ditz" Kagis from Central.

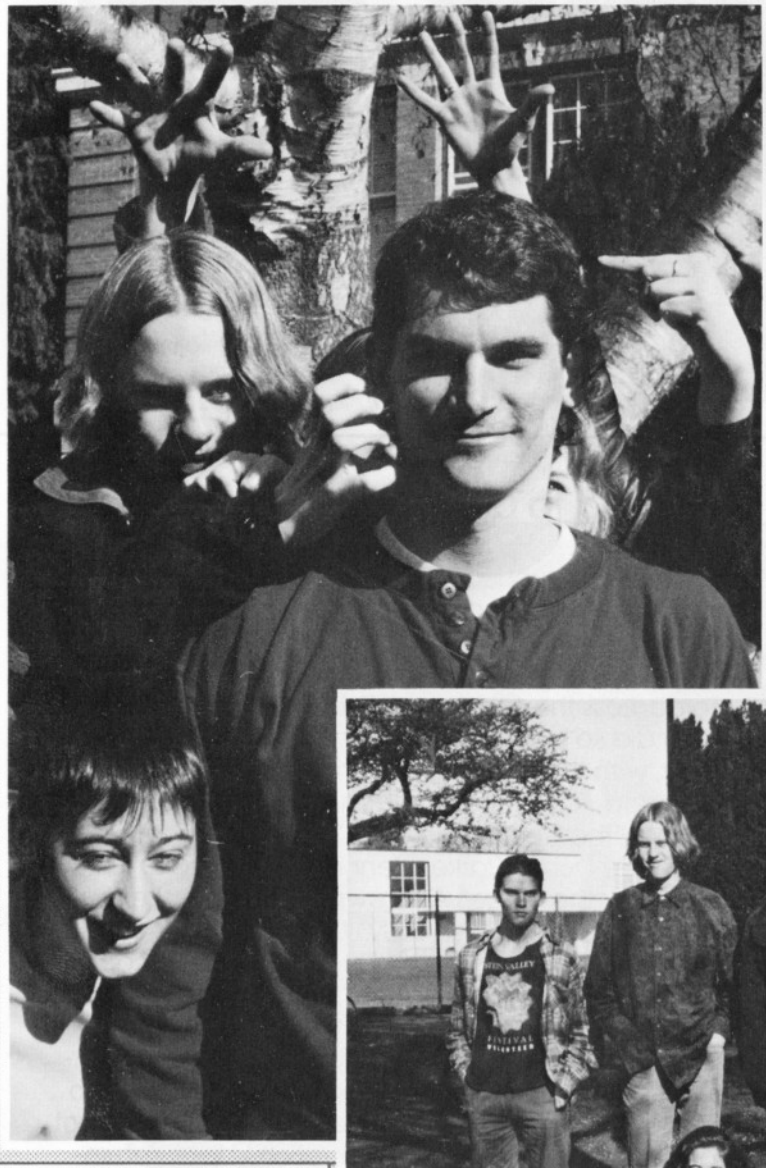
This motley crew of actors took their wonderful comedy with a strong message up to Nanaimo for the Counter Attack Convention, where they got an extremely long standing ovation. Upon returning to Victoria, they did numerous presentations at Vic High and were begged to perform at many, many, many other venues.

Journalism

Parental Product of a Purgatory Press

Yippee! Yippee! Yeah! The journalism crew conquered many a mountain, swam the seven seas, tormented a cyclops or two, and even managed to put together the annual in two days. Under the brave leadership of two fine gentlemen, Mr. Paul Jung (pronounced young) and Sir Bernie McHugh, our writing abilities flourished insurmountably — like a summer rose in a bottle of sugared perrier.

We learned to work within the convoluted walls of our suspicious room. Although we've been oppressed and repressed by the injustice that is censorship, we won't complain.



Journalism is a pretty decent class. Our only complaint is the school refused to provide us with kazoos. Alas, these are the woes of Vic High's young journalists. From our work on The Zygote (otherwise referred to as the Granola) to our dabblings with poetic genius (eg. he laid his finger inside his nose and pulled out a green one to wipe on his clothes), the journalism crew expanded its philosophy on life. We have learned from our errors, and now we are ready to run blindfolded into the ruthless world of reporting. With Paul the Studmuffin and Bernie the Body guiding us, (they payed us to call them that) we are sure to fail. Hail, hail, mighty educators!

Candid Camera II

Each year our cameras roam the campus at Vic High capturing the essence of the School. This year we found students playing hacky-sack, enjoying glimpses of the sun on the stairs between rain showers, and enjoying one another's company. The school always stood out as a place that tolerates all kinds of strange and twisted kinds within walls and this year was no different as skaters, academics, arttypes, shop kids, and jocks all played and worked together.

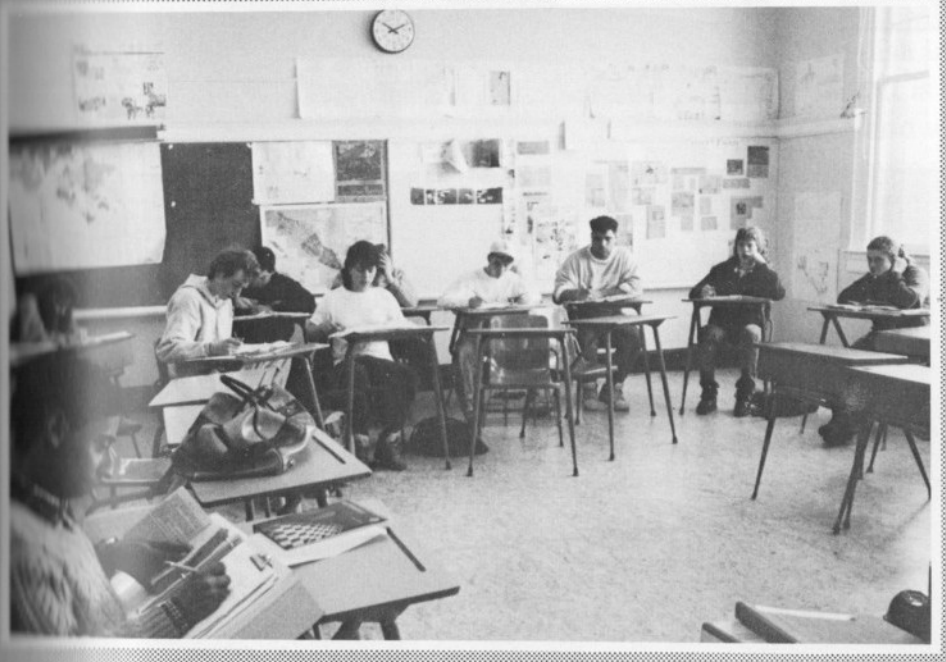
SOCIAL STUDIES



Only the select few are lucky enough to have Mr. Nesmith twice a day, and who wouldn't look foreward to one of his classes! Perhaps the main attraction is that "pause and stare" sequence he executes so well. No one really knows what happens during those few seconds (sometimesit's minutes) and whether or not he is actuallythinking or if ge just temporarily loses it. For those just entering a class of his, it's the stare which scares. Imagine what it would do to young children! Nevertheless, we never cease to be amazed by his incomprehensable wealth of knowledge; - Law 12, Economics 12 (good for a laugh, a daily party, and some economics mixed in), Socials 11, and History 12 (a very enjoyable nightmare!). Teaching at Vic High for over twenty-five years is a natural part of Vic High, an irreplaceable piece of the puzzle.

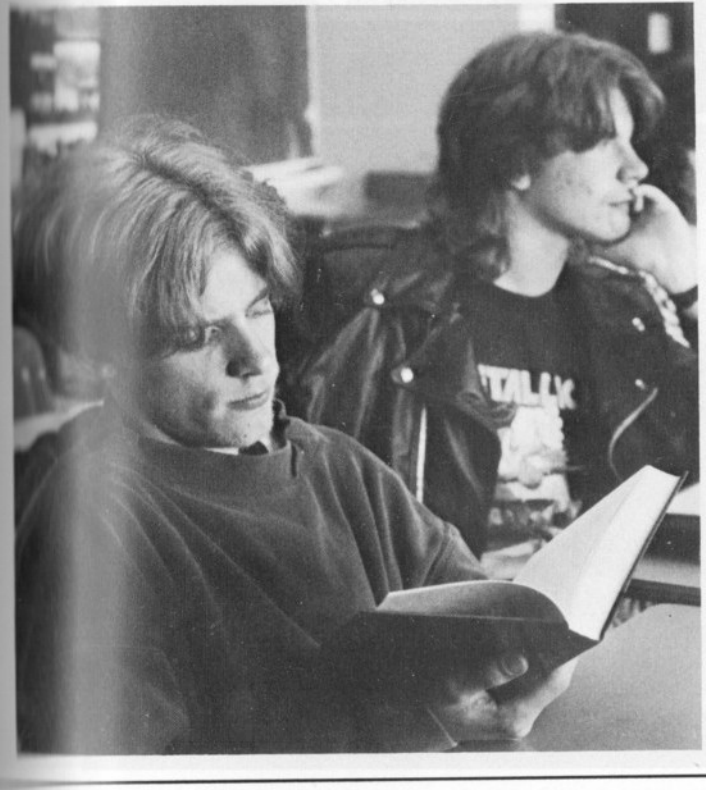
English

Above: Literature is fun! No joke.

Below: Poets at heart.



English is very different than any other subject. It is both easy, because we deal in reading and writing every day, and also difficult because words are rarely as they seem. English, like art, relies on the students' abilities to open their minds to their own ideas and the ideas of others, but there isn't a method to teach creativity.

Lord Byron once said:
" Prose poets like blank verse,
I am fond of rhyme"

It is up to you to choose your curse,
But that is what makes English sublime!

Had a son
And a wife.
He soured of MacBeth,
Who then feared for his life,
So Lady and son
Were killed by the knife.

IT WAS ALMOST A POEM

It was a lazy... no, that won't work
It was a dreary... too depressing
It was tall... I can't stand it
It was low... far too deep
It was silent... that doesn't say enough
It was loud... enough to make me scream!
It was old... a senile thought
It was young... no, but it will get better with time
It was strange... it was almost a poem.

DECOMPOSING IN THE PARLOUR

Every morning,
I have a cup of coffee,
and two valium
for breakfast.

And I feel so relaxed,-
so calm,
I could just melt into the sofa
Here
in the parlour
Where I look out
the huge stained glass window
onto the quiet little country road

Where I watch
the trees drop their leaves,
the wheels that roll by,
and the flowers die

I could just melt out of this boredom
into liquid repose.
No clouds interest me today;
There is no sun
There is no rain

I feel the autumn,
the colours and the consequences
of oncoming storms
Soaking through my skin
Seeping into my bones
where the marrow
is a decomposing
mass of dead leaves.

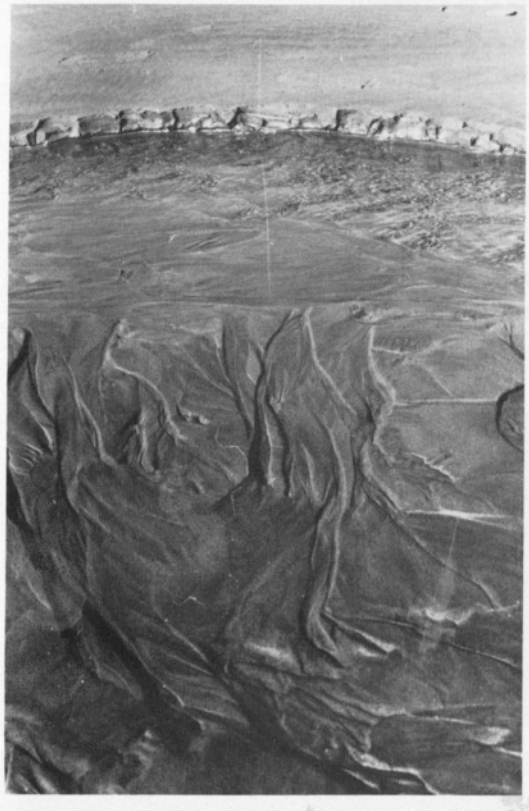
FOLLY

Through the swish of the thick strong branches,
and the whistle of the wind,
comes the round of unwelcome visits
and the cries of many men.

The cascade of mighty waterfalls
slow to little trickles
as the streams all across the land
are clogged with unjust carnage
and the buzz of many weapons drown
the litany of life
as the mighty forest crashes down
silent in its pain.
So shall it be we come to pass
for one another's gain
then the forest shall reclaim the land
and man retreat in shame.

-Mark J.



INSTINCT

Purple grey butterflies eclipse my vision,
just as waves degrade the neo-age riverraft.
Small boys play with the rippled tide in
their mind's eye, while birds sing unheralded lullabies.
Transfers of energy are deemed irresponsible
by the men in red and blue.
Intervention is not necessary, my dear friend,
as the time is proper for riots
in the humble abode of Minnie Memphis Weed,
the girl who broke my heart and stung my eagerness
to instinctively retread the footsteps of those
who walk to the lunar tune.

-Adam Newton

Summerland II

Triumph almost faded
But a feeling we'll prevail
Peeled freckles
And branch bitten fingers
Poison oak beaten with
Patches of soda paste.
Scratches from unknown
Assailants and a growing
Reputation in the town
Fig bars and cheese
And coffee with sugar
And trees, trees, trees
Why do we meet only
Men who are friendly
I think we are crazy
Or will be very soon
We haven't seen the
Sun of late so much
As seen the moon.

A Life

The sky has clouds
Unseen unheard
Seeing hearing listening
White; No grey-white
Grey-white silver lining
Wind factor blue
Blue still trees
Need the light
To pull their life
From the ground their
Vitality from this
Sunlight in the leaves a rustling
Quality much like life
But is only the
Mobilization of inanimate
Objects yet this wind breathes
Through my body cleans me
Of inconsistencies
Rid of my toxins in thoughts
To strive for that joy
Of this blue sky blue
I know this wind being
Pulled unknowingly through
A body to listen
It speaks of joy.

MASTER

Emulate the master
for he lies deep within every boy.
Within every soul the tide will rise
and the earth will shake.
Armaggedon determines the fate
of those who believe in Mr. Omnipotence himself.
Mocked for following the legend
are many genuine eyes which have captured the light
for the first time.
These eyes do not lie, although the tongue may
misrepresent the bearers of the new born philsophies.
Experience is original, said the master.
No two thoughts are ever the same.
Enough said, you are equitted, loyal worshippers.

PERFECT WITH YOUR LOVE

The stars do not move in perfect
circles, they lie
inside orbits heavy
as eggs in thin shells.
A slow curve in the hand,
the hand that waves once cupped
warmth in the scraggly
grasses of autumn. Desolate
days, the little dead birds
inside dry eggs are bald
in the chilly ditches. Wandering
with heavy feet we find them
and reclaim their delicate
possibility. Think
these large bare hands
can somehow hold the life
back into the lost flight,
possessed so easily and well.

The sky is a broken shell
its edges cut the rising earth.
Your mouth breaks over my body
as it spills over my skin,
wide and open as a yolk.
My insufficiencies disappear with
your affections, round and
white as hermanphrodites, as eggs
our bodies lose their limbs
to a gravity that is a heavy
centre, a hunger. You make
me perfect with your love
perfect birds call your name
from fallen eggs.

-Nadine Shelley

WHY

Why is the world just there?
Why should we even care?
Why did God make man?
Why are there people like Saddam?
Why do people kill for power?
And make this world go so sour?

Why can love hurt so much?
Should we keep to ourselves and not touch?
Why do we die from AIDS and cancer?
Maybe there just isn't an answer.
Why can nice people be so greedy,
And not give any money to the needy?

Have you ever thought about what I ask?
Or do you stay hidden behind that mask?
Maybe these thoughts aren't nice,
But maybe next time you'll think twice?

Steve Earnshaw

Blackflowers

Did you ever go where the blackflowers grow?
To the land of the insane and forsaken.
Did you get lost and did you know
What wrong turn it was that you had taken?

The governess governed but to no avail,
Her speech was foreign and her lectures stale.
So when she had scolded for what she wished,
You were talking to the flowers as she softly hissed.

A land of adventure was yours for the taking,
Your own future was yours and of your own making.
Goodbye to the governess, the maid, the aunt,
A seed of new beginnings you did plant.

The seed was poisoned with venom you say,
Excuses for mistakes you cannot fix today.
In your cave, your cold face peers out at the rest,
But in many long years you haven't seen one guest,
Except for the blackflowers.

Did you ever go where the blackflowers grow?

Drama Fiends

'Vroom'...

For those of you who eat puffed wheat while listening to Bing Crosby records and reading books on the microscopic anatomy of the dog, take my advice. Take a semester of acting. It will be like having a bucket of cold water dumped on your head.

Acting is not an average class. It is an educational experience, but it's fun at the same time, unlike much of what we learn at school. Jackie McDonald (just Jackie to everyone who knows her) encourages her students to cooperate with each other. She teaches them fun mental preparation games, as well as putting together a dramatic production each semester. Acting is a definite break from the wear and tear of mind twisting memorization exercises.

WAR IN THE GULF

Vic High Students in Protest

1991 has been an unusually eventful yearin terms of political events. Despite all that has happened (a political upheaval in the Soviet Union, the resignation of Margaret Thatcher, the resignation of our own premier, Bill Vander Zalm), this year will probably be best remembered for the war in the Persian Gulf fought between the United Nations Coalition forces and the Iraqi armed forces.

Concerned citizens throughout the world tuned in to radio and television news updates on the war. In Canada, there were many war protests, but polls indicated the majority of citizens supported the war. With over 3000 sorties a day being completed by the coalition forces, this was the biggest military bombardment since the second world war.

About six weeks after the war began, a cease-fire was announced, as Iraq forces had pulled out of Kuwait, the small oil rich country they had invaded on August 2. The facts of the war were not made clear. We still haven't been told how many Iraqis and Kuwaitis were killed in the battle. We have been told coalition force casualties were few, but the aftermath of the war is yet to be determined. Already, Kurdish uprisings have been rebuked by the reigning Iraq government, and now nearly two million Kurds are attempting to flea their war-torn country. Also, the majority of Kuwait's oil fields are burning. The environmental effects of this are unknown.

The historical significance of this war is hard to establish at this early stage, but an indisputable statement about the war is that it has grabbed the attention of people everywhere, even in our own school.

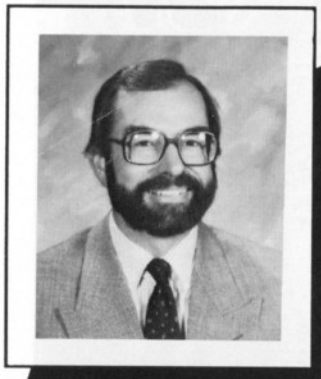
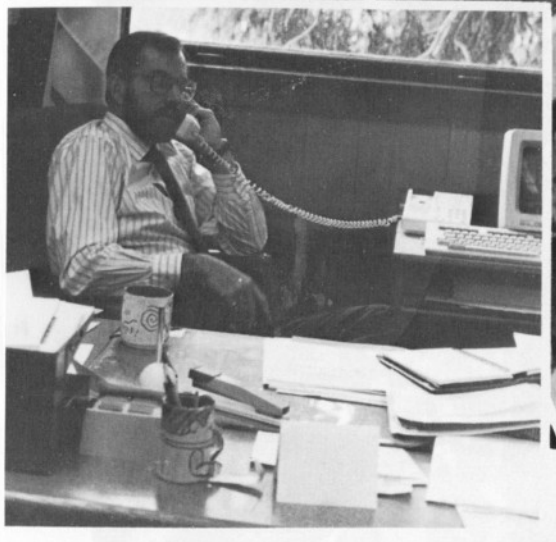
The Administrators of Vic High





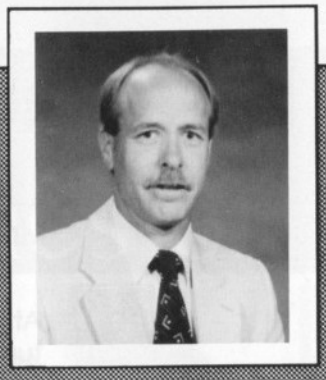
Principal's Message

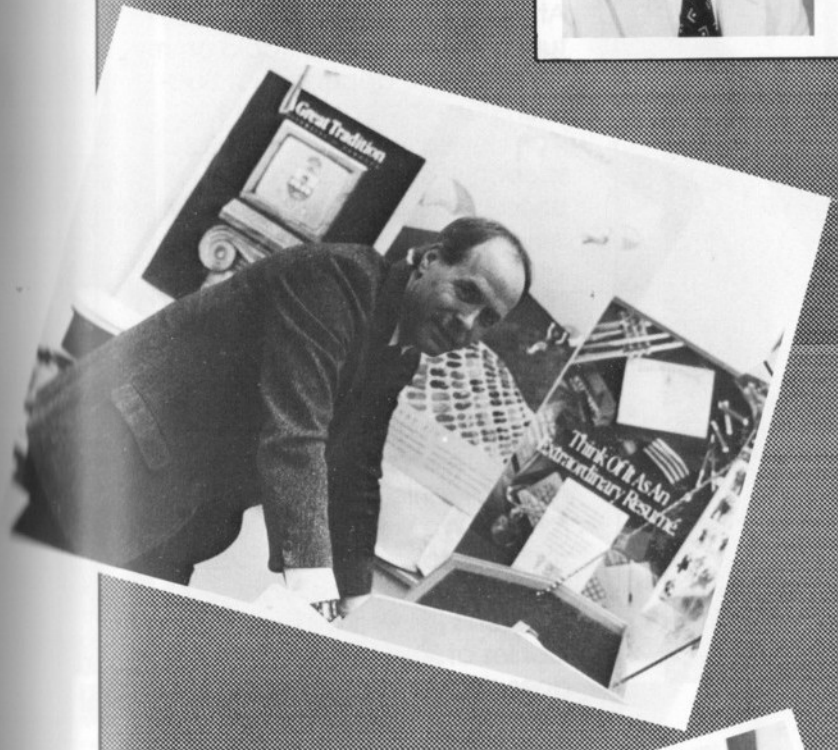
The passing of the 1990-91 school year is another watershed in the life of Victoria High School and its community. All of us will always remember the Strike, the Persian Gulf War, Oka, native land claim issues, the seemingly endless soap opera involving Premier Vander Zalm, and the Meech Lake Accord as historical highlights of the first year in the twentieth century's final decade.

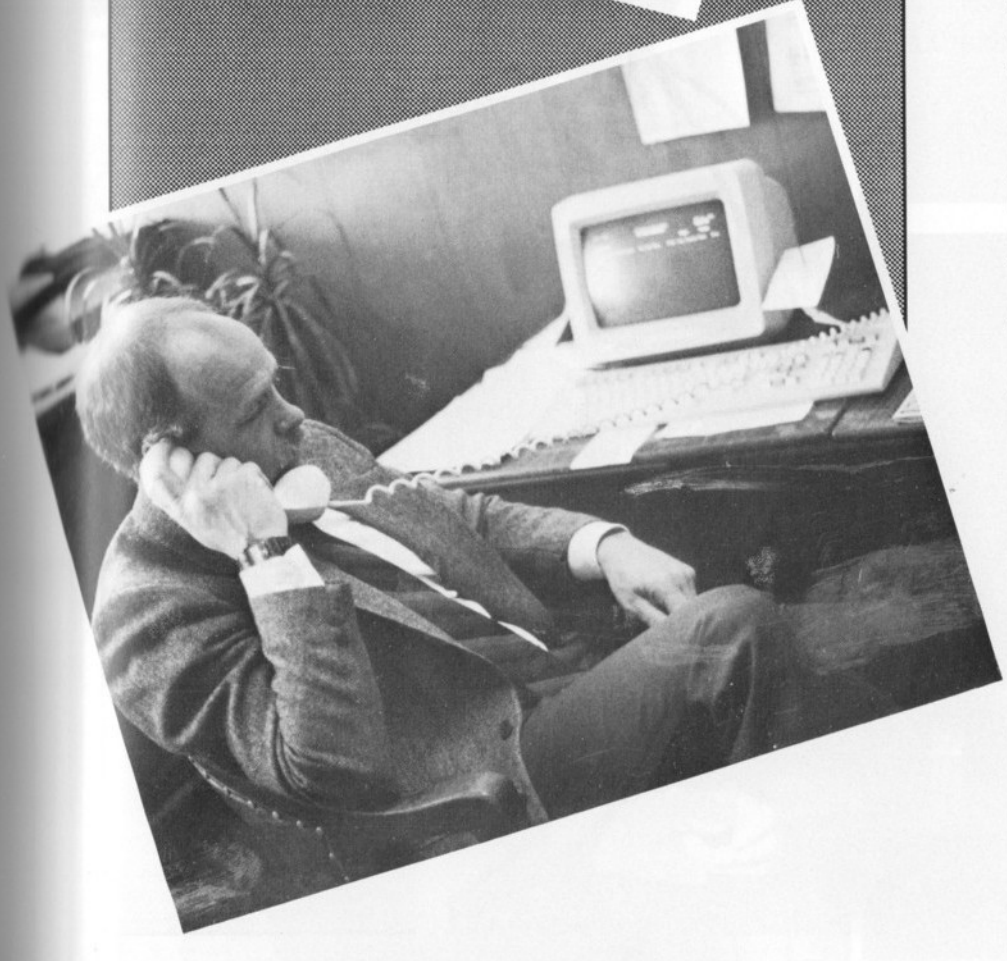
Hopefully, we will always remember, as well, the people and events chronicled in the Camosun. My congratulations to Mr. Jung, Mr. McHugh and the staff for the excellent production of this year's annual. The great Christmas snows, the reopening of the Andrews Gym after a year and a half, and our Field Hockey team's fifth place showing in the B.C.'s, while perhaps of less import than the events above, will linger forever in the memories of those of us who were fortunate enough to be in this place at this time.

Our school has been the scene this year for scholarship, innovation, and an interaction among staff and students that is responsible for Vic High being the outstanding High School in the city. I would like to thank all staff and students for making my second year as principal challenging and rewarding. I can think of no other place where I would rather be.

K. McCallion







A Few Words
From our Vice-Principal

As a new staff member, I can look back over the past 10 months and say with certainty htat I have thoroughly enjoyed my first year at Vic High. While this has been a year of adjustment for me it has been one that I will remember with fondness for a long time. Why? Well, first of all I have been impressed with the genuine concern shown by both the students and teachers about such things as world peace, the environment, humar rights, and other issues that have an impact on all of us. Additionally, it was evident to me from the very beginning that both students and teachers at Vic High are sincere in their respect for each other. Time and time again, I heard teachers praising students for their accomplishments and students praising teachers for their efforts. This is not something you hear a lot of in some schools

Second, I have enjoyed my associa tion with a very capable, caring, and professional teaching and support staff. From my very first day at Vic High (which included a major hug from Mrs. MacDonald), I have been made to feel welcome. As all of us are aware, this has not been a year without tensions and upheaval in our profession. The staff should be commended for putting aside all of that to ensure that our students continued to receive a quality of education that is second to none.

Finally, I have thoroughly enjoyed the opportunity of working wiht Mr. McCallion. I hope that the students and teachers realize the time and effort he puts into the "running" of Vic High and th care and concern that he has for the well-being of all of us.

To the Grade 12s who are leaving u for other more lofty pursuits, I wish you good luck, peace, and happiness. To the Grade 11s, I hope you enjoy a relaxing summer and will come back to us in September ready to carry on the Vic High tradition.

S. Murphy

Teachers Kiss the Pig

An over enthusiastic Mr. Jung, secretly wants a smooch with Hoot.

(Above: Mr. 'C', Ms. 'V', & Mister Jung)

Mr. "C" Escalates the War of the Pigs!

Attention to all Men. Yesterday I tuned into Baghdad Radio on my ham radio. It appears that Saddam Hussein heard about Ms. Van Heteren's short but brutal speech yesterday. Saddam phoned me and could not believe that men of Vic High would stand by and let Ms. Van Heteren refer to them as "Pigs." It is time for men at Vic High to stand up and fight the "the Mother of all Battles." The coalition of men here, must attack Van Heteren's jar with pennies, nickles, loonies, and masses of money. We will send hundreds of sorties a day, using precision touches of money in Van Heteren's jar. We will hurl scuds of loonies at Van Heteren until she goes down in defeat and must kneel at the feet of the pig and unconditionally kiss the pig.

Remember... this is the Mother of all pig wars.

Hoot and Ms. 'V' pucker up for a long, wet kiss.

All right Ms. 'V'!!!!!!!!!!!!!!!

Teaches on Strike

The teacher's strike proved to be contreversial as well as interesting. Teachers picketed during the day, but also at the oddball midnight shift.

Mrs. McCurdy and Mrs. Broom saw intriguing incidents, like a man walking completely naked in his living room, numerous prophylactics and a bum who camped on the Vic High stadium stairs.

Smoke Pit

Nina and Tina enjoy a quick puff

When the bell goes to end class, dozens of smokers frantically rush outside to the bleachers (otherwise known as the "smoke-pit") to grab a quick butt. This also offers an opportunity for people to socialize, and talk about their trials and tribulations while calming their nerves with nicotine. One thing for sure, for smokers, the "smoke-pit" is a welcome part of Vic High.

As Sandi and Ellisa were key members of the Field Hockey team, the Volleyball practices began on the first registration day of school, as practices with all six Tikis in attendance would be a rarity once Field Hockey games started. TOTEMS BASKETBALL

The 1990/91 Vic High Totems wasn't as successful as the mighty Totems of the 50's, but this season the team did show determination, and an uncanny desire to win. The inexperienced group of grade11's gave it all they had in various tournaments, and were especially successful in the Burnaby North tournament where they won their division championship. The "big men" Sam Dunn, Gabe Goers, and the notorious "Crusher" Cullen brothers showed extreme intensity in all aspects of inside play. Hai Nguyen, Kelli Palmateer, Tad Smith, and the renouned "smooothe" Smith brothers all controlled the floor with great dribbling skills and pinpoint passing ability. Kelley Nordstrom, Andy Matkovic and Phill Leduc dazzeled the crowd with tremendous shooting and driving strength, while new kid on the block Mat Carrico contributed the extra finesse the team needed and will need next season. Congratulations and thanks must be given to Mr. Christianson who gave endless time and energy to the team members. With the ressurection of he Andrews gym and a well tuned grade 12 team in hand, next years Totems will be major contendors in triple "A" basketball.

The Bowling Team

1991 was the year for Bowling and especially for our own Vic High bowlers. The terrific and talented trio of Darren Louie, Randal Greencorn and Martin Ludvik managed to bowl their way to a 3rd place finish in the league. During the city championships, our bowlers gave an exceptional performance, capturing second place. The team would like to thank Mrs. McKay for being the teacher sponsor and student council for their financial support.

Cross Country

THE VIC HIGH TYEES (soccer)

The 1990/91soccer season turned out to be a building year for Vic High, with only one player returning from the previous year. Although Vic High lost most of its games, there were still many exciting moments throughout each game. Most importantly, Vic High always played hard for 90 minutes.

The last game of the season turned out to be the most exciting. Phil Adgira, late in the second half, crossed a beautiful ball to Adam Nagasaki who put it in the net to provide Vic High with a 1-0 score. Well done team!!

After winning the city championships, the girls field hockey team pranced in their black polyester skirts into the Island tournament. They played many outstanding games, and between games while the girls grabbed some energy at a nearby 7-11, their beautiful Vic. High bus broke down. Thanks to the Courtnay taxis they were able to get to the field on time to defeat Oak Bay 3-1 which placed them third in the Islands, advancing them to the B.C.'s.

To their delight going to the B.C.'s enabled them to miss two whole days of school. the competition was surprisingly tough. The Vic. High team beat L.V. Rogers of Nelson 2-1, lost to Maple Ridge 1-0, and beat Prince of Whales of Vancouver 2-0 which put them into the quarter finals.

Due to the "swimming pools" on the Vancouver fields the girls were forced to play on artificial turf. There they met Penticton (eventual tournament champions) to see if they would make it into the semi-finals. After a strong , hard-fought game, ending 0-0 after regulation time , the team once again had to go into penalty flicks! They Lost! But don't dismay, they got to go home to party on Friday night.

They left the B.C.'s tied for fifth with three other teams because the fields were too wet and muddy to play the games out.

Everyone played exceptionally well but Krista Amyotte and Jen Braun deserve three gold stars. The girls field hockey team would like to thank the coaches for their efforts and a special thanks to the Camps (cookie providers).

THE VIC HIGH THUNDERBIRDS (bad[illegible]n)

Once again, the Vic High Thunderbirds had an extremely successful 1990/91 season. Losing only two matches, the team came 3rd in league play and placed 3rd in the Lower Islands. They were also selected to represent the Lower Islands at the B.C. championships in Port Alberni, and ended up coming in 12th out of 16 teams.

Far more important, however, was that the Vic High team was selected by their peers to be awarded the "sportsmanship trophy". This was a truly great honor, and a well deserved one. Thanks for a great year!!

And cheer for a school so brave and bold.

If anyone should question us why,
We give a cheer, and then we reply,
That we're seven hundred strong,
And this is our fighting song.

Unfortunate Exploration

Old used gum is disgusting. Beieve me, I should know because the inside of my desk is full of the stuff. I made the mistake of sticking my hand into the jungle of crumpled papers, old band-aids, and moldy lunch remnants. Unfortunately,my fingers got hold of a mountain of four month old gum and it was such a shock, that I had to stifle a scream of disgust. Gum chewing students don't seem to realize that when they get rid of thei r flavourless gum by sticking it inside thier desks, they are endangering the state of mind of future tenants.

If you can't see your face remember your clothes.

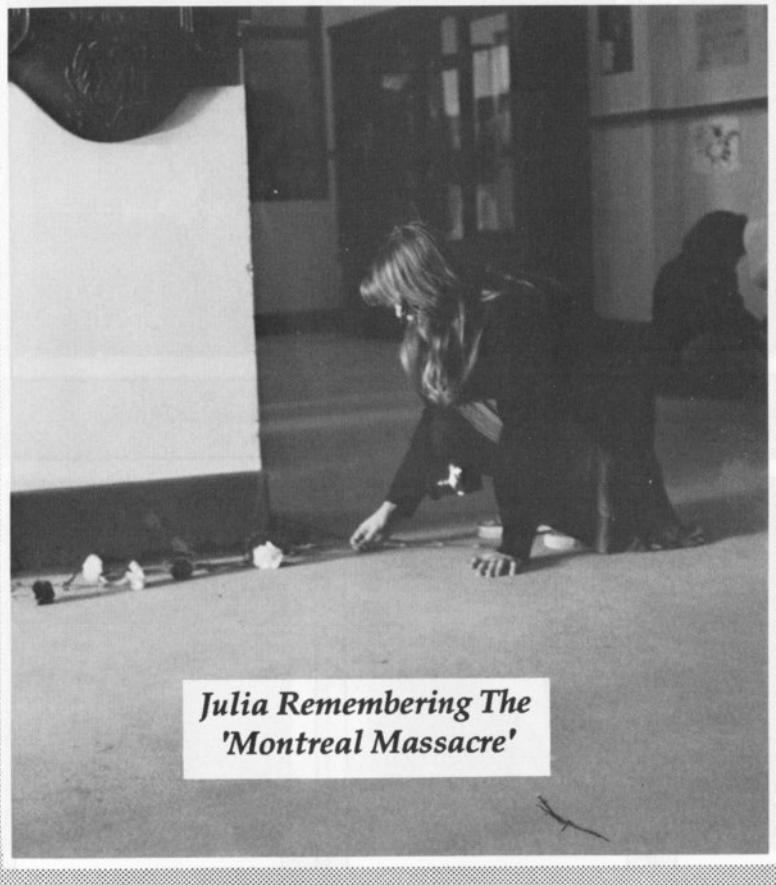
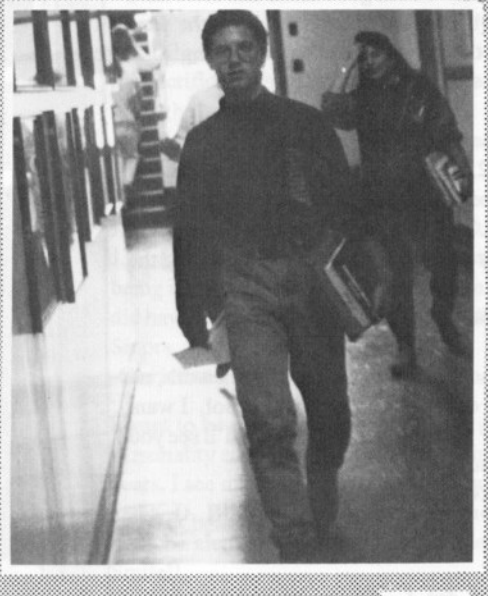
A Masterpiece



Julia Remembering The 'Montreal Massacre'



I just want to say that it has been 3 great years at Vic High. What I want to do in the future is to become a successful police-woman, and serve the community with pleasure.
-Patricia Acosta

I am a short black guy who wears a hat and a lot of people think I'm crazy wearing shorts all year round. I intend to be the best person I can be and stay out of trouble.
-Philip Emmanuel Adgira

I enjoy spending time with friends and I'm usually found in the school attached to Kris. I don't have any career goal so Thrifty Foods beware! Seriously, working with young kids is my goal; I hope to become a teacher.
-Melanie Aitichison

I don't want to be rich.
-Krista Amyotte

Take him down! Pet peeve: Renovations in the school. I liked going skating on Friday mornings and working in the cafeteria. What I hope to do after school is work and travel as well as make lots of money.
-Roger Arruda

Chem class is a blast even if I don't understand all of it, but thats what my chem buds are for—J.C., S.Z., and M.D. See my CPJ mates on the sight. Good luck to Angie, Melissa, Mike, Andrew, Lasha, Dave.
-Brian Ashmore

Smell and taste the earth. I, we, all choose to do what we are doing; please don't forget that. Shine on crazy diamonds.
-Christine Babichuck

There have been good times and there have been bad times, These are all in the past. May the good times keep on coming.
-Mike Ballard

I came from Qualicum Beach to Victoria on July 2, 1990. September rolled around, and by gosh I have yet another year to go 'til Grad. I met a bunch of nice people and will always remember this school as being the best.
-Shawna Barnes

No more teachers, no more homework, no more exams. I'll sure miss school. I want to say goodbye to everyone and I'll see you around.

T. Tito , hey I'm going to be a sorority girl Brand. My most embarrassing moment at Vic High was when I fell off the roof naked while singing "Kumbaya My Lord".
-Tianna Brand

I would like to travel and relax. I also plan on going to college and become an R.N. I enjoy reading, party'n and hangin' with my buddies. My pet peeves are rainy days, tina and tina not coming to school and people who write on walls.
-Lara Brown

"Like...I totally really enjoyed this man, but...gotta go. Later bros!"
-Valter Brum

I know that you believe you understand what you think I said; I am not sure you realize that what you heard is not what I meant.
-Gerald Budda

For V.R. and K.C., "I don't wanna be cute, I wanna be sexy." For D.B., "Height is in the eye of the beholder." School has been an experience I probably won't forget. A vos souhaits.
-Jhoanna Castillo

I really like this school. I will miss all my friends when I leave this school. My dream is getting a part-time job at K-Mart. I will always have fond memories of this school.
-Lawrence Chapman

SWM, attractive hairless octopus boy looking for anyone to do anything at anytime. Kiss my aura Victoria. Is that real angora? I enjoy dancing with rubber cement on my feet. Obey the 11th commandment, and live for the moment.
-Jacob Cino

Thank you Mrs. McDonald and thank you Mr. Dilay. Also thanks to Mike and Owen for sacrificing their own grad to help me through; "g thanks guys."
-Jordan Clark

I'm off to play music at University. Thanks J.E., M.J., R.M., R.A., C.H., M.G., D.B., J.P., L.P., and J. It has been interesting being involved with school music, even if I did have to work with J.E. and D.B. Adios, Sinora, Auvoir, and Goodbye!
-Christian Coll

I want to be remembered by my magnetic personality and chameleon-like hair. In ten years, I see myself with a couple of Oscars and K.D. Black Angels Forever. Remember—be alert, the world needs more lerts. Smile!!
-Tehya-Aidsi Couture

I want to run in the sun, down in the Caribbean. I'll be having lots of fun! Enjoying every day-o my life.
-Cynthia Cranstoun

My favorite experiences at Vic High were the awesome rides on the good old trusty Vic High bus. My pet peeve is using energy. I would like to say "See you all later."
-Sandi Croucher

With an open mind and a love for travelling, I hope one day to live and work with people in developing parts of the world. Don't let your education get in the way of your learning.
-Evangeline (Angie) Duy

We've completed 12 years of happiness, hell, good times, bad times, agony, and surprise. What's out there in the "Real World"? Jackie you're wonderful—hugs and kisses. Love you Norma, Angie, and the cast of "Mayonaise"!
-Rita Frost

For me and us... No more system, no more school, no more. It's my life now. NO MORE.
-Laura Gibson

Now that I'm allowed to leave, I'm not so sure that I want to. It's been great guys! Thanks for the memories!
-Shannon Gill

I appreciate all of the teachers who have been teaching me in the past years. In my future, I'm planning to earn some extra money and then go the Camosun College to learn more English and to study for a career.
-Jason Ha

My short time at Vic High will be memorable. Good luck to1991's grads. "So now I know everything anyone knows, from beginning to end. From start to close."—Dr. Seuss "It's time to ramble on."—Led Zeppelin
-Jasmine Haere

It is best expressed in silence...
-Alanna Harlton

Lives 4 Field Hockey and thanx to Smurfy has gotten this far. Esa's the "BEST" and Jessy James lives 4-ever. Party on dudes and be good 2 yourself. Remember: some loves come and go; others last 4-ever.
-Clare (Jamie) Harrison

Although my high school experience was almost as much fun as playing dangerous contact sports with an angry tribe of African Headhunters, I'll miss it! I really will! My last words?..."Let's do coffee..."

Jodie is glad to graduate from good old Vic High where her dad and grandmother attended as well. She will be living in Hawaii in a beach-shack, with her rich hubby getting ready for work as a flight attendant. "I would be so embarassed."
-Jodie Hemming

At Vic High, I've learned that almost anything can happen. Like the time where 50,000 workmen pounded on the roof for 2 weeks. Thanks Ms. Van Heteran for enthusiasm, Mr. Nesmith for knowledge, Mr. Chester for humour, and Mr. Jung for environmental consciousness.

I'm taking a year off to relax, then attend college. In 5 years people will be getting Henry and my wedding invitation. Thanks to teachers and Mrs. Hansen and Miss Price for help in the office. Gr.11's, good luck. Gr.12's, pray to graduate.
-Lisa "Lees" Hughes

When I get out of school I hope to get my own dog grooming business. I also want to get my Devon Rex cat breeding going.
-Kayla Irmscher

We all should study hard to complete our graduation requirements. Everyone should have some aims for the future. If someone needs help he should talk to the cousellors who can make suggestions.
-Jhalman Johal

This pongofanatic enjoyed Gr. 12 as the president of Vic High. Her most embarassing moment was falling down the stairs in the rain. She will be raising a family in Port Hardy, throwing parties and working at the canneries making $100.00 an hour.
-Tracy Johnson

I'd like to thank D.B., C.C., J.E., R.M, and R.A., for making these two of the most interesting years of my life. I'd also like to give honorable mention to S.G. and M.S.: Remember, this is just the beginning. Good bye, Vic High.
-Madeline Johnston

I've enjoyed Vic High and Students' Council. My future involves accounting, business and perhaps public life. Although the world is in turmoil, I haven't lost hope for the future. The future is what you make it. Success to Grad '91!
-Chris Kask

I've had great times at Vic High, especially after field hockey games when Krista and I devoured all the cookies. Nicknames: Quip, Bounty, Glowworm, Prickles. My favorite thing at Vic High is Kareem Smith. You can't reach the toilet paper from the toilet seat. I'll be leave Vic High an undeveloped woman who loves food!
-Lisa Knight

I want to be best remembered as the "girl with the fox tail." My future plans include marrying my life-time love, R.B. I say adios and thanks to Mrs. Blazkow and Mr. Twohig. And to T.C., black angels forever!
-Nyki Konyk

This year has been great! To all those future jewellery makers, good luck. To all future Vic Highers, have a blast like we did.
-Fayra Krueger

This cute, little bundle of New Zealand sunshine will dearly miss Vic High, especially T.J., C.H., T.R., & J.H. She's taken a lot of abuse, but enjoyed every moment. Still the designated driver, she will be found picking kiwi fruit on the sunny beaches of Montego Bay. OKAY!!
-Twyla Lalonde

This well-known fashion designer of the next century would like to say she ENJOYED her stay at Victoria High School. Her hopes then would be also to open a studio with her brother, C.L., in...
-Gloria Lam

After I graduate I would like to go to college to study banking.

-Raymond Lau

After twelve years of schooling I am relieved to know that I am finished. Although I have had many positive experiences in the school system, I will be glad to move on to experience life on a broader level.
-Tim Llewellyn

Thanks to all my E.S.L. teachers. Good luck to all my friends next year. Party all night after graduation.
-Rosane Le

My thoughts for the undergrads: "I'm outta here!" Hang in there and keep your knees in the breeze. Harley Davidson Rules.
-Maile Lincoln

Ann-Marie is happy to be graduating. Free at last. Free at last! Within five years she plans to be in Southern California working as a secretary and living the good life with her perfect male counterpart. Seeeee y'all!
-Ann-Marie Livingston

After graduation from Vic High, Darren plans to defect from Canada and return to his homeland, China. When in China, Darren will revert back into his true Communist ways, hence, "I'll devote the rest of my life as a terrorist freedom fighter."
-Darren Louie

I survived Gr.12! My dream is meeting Mick, and travelling down under and to Paris again. D.J. & C.O.—crammin' us all in your car while going to Ronnie's for Java. D.J.— "Oink, oink". A.B.—the store, door, well, and tetherball! Ciao Vic High!
-Michelle Lund

I am very glad that I have finally made it through school. I hope some day that my two friends Mike and Owen can experience the same feeling of graduating just like I did.
-Harlow MacFarlane

My dream is to become rich and travel the world. My dream is to become rich through my own business, or company, have a home in a warm climate. And travel to Europe, Australia, and Japan.
-Pierre Madam

What I would like to do after graduating is go to university and study hard to become a dentist.
-Claudia Martinez

When I grow up, in June, I will likely be pursuing a career as a school bus driver or a rock star with my bud Lee-Ann. To all of you Grade 11's still stuck here, see ya, and good luck!
-Andrea McDonald

I am finally gradding, 6 years after I should have. I'm going to get into real estate and become very rich! I've enjoyed Vic High very; it's a great adult student program. Grads of 1991: Happy travels in whatever road you take.
-Margaret McLean

After I graduate I will be going into the Day Care Program at Camosun College in September 1991.
-Dorothy McLeod

If there is one thought that enters my mind about the last two years, it would be this: It was the best of times.
-Rick McWhirter

"YES...I am deranged! I love chocolate (it's an aphrodisiac), the wilderness, the sun, the rain, and jazz dancing, laughing, and embarassing my friends in public." To my "main babe", I can't wait to see you again.
-Celeste Menaar

I have had a not so great time at Vic High. My goal in life is to be wealthy, have a good job, and marry a European-originated woman because Europeans are the best. I say farewell Vic High.
-Branko Mustafovich

This Vikingette will most likely be stuck in Scandanavia drinking blood and running away from bulls with long tongues, but who knows. Au revoir tout le monde/Best of luck, keep in touch friends.
-Idunn Myhr

I don't like school, but I've forced myself to go for the last twelve years and recently, I've not minded it so much. My worst pet peeves are dumb stupid jocks that act tough. Once out of school I hope to go to college. Pig Dawg. Oi!
-John Nelken

I can't really say anything that's profound and not pretentious so I'll say something in another language...Mi hamamas tru long pinisim skul bilong mi! Hair colour is no measure of intelligence! I love my friends! Have fun people!

I have few memories from my time at Vic High, this being my first and last year. I want to thank my 3 best friends: Steve, Sung, and Shane, you were always ready to lend me a hand. I hope to be remembered as a friend who made you laugh and smile.
-Adam Noyce

This sarcastic pongo has enjoyed his three years at Vic High. His hobbies are harassing people whom he calls friends and laughing at other people's mishaps. Soon he'll be jumping out of aircraft. When asked a question, he'll respond, "I have a girlfriend!"
-Gary Parr

Well I never thought I'd make it to Grade 12 but here I am. It's scary thinking that in June we won't be in school anymore. I hope everyone reaches their dreams in the future. Good luck Grads of '91.
-Jennifer Pettigrew

Being out of school for 18 years I was nervous coming into new surroundings. Friends and staff have all but extinguished these feelings, and school personel have given me encouragement to carry through with my plans to be a child social worker.
-Lorena "Lori" Pettigrew

Moving from Oak Bay to Vic High was the best decision I've made. Thanks to everyone for making my last two years of school meaningful. Reality is what you perceive it to be, not what people say it is. IDGAF
-Esa Bleaire Petrie

I am sad to have to leave the friends I made here. More schooling is on it's way. In every waking moment I'm with my boyfriend and best friend Mark S. I sadly say good bye to my favorite teacher, Mr. Jung.
-Nicole Pinnington

I've never been a yearbook person. Vic High is great. I looooved the women here.
-Aaron Purser

This May Queen Princess would die to sing on Broadway, but if this fails, she will pick kiwi fruit in Montego Bay with T.L., J.H., T.J., C.H., L.T., S.W., and C.W. She hopes to some day meet George Bush and Garfield. She will be remembered for her warped artistic impressions and optimistic outlook on life. Holly Hannah, I'm free!
-Tonya (Toni) Reynolds

At Vic High you can be yourself. I enjoy field hockey & pretend that I know how to dance and sing. I wish I was taller. I want to work with the handicapped. I have no trouble remembering names since I call everyone "Retard". Everyone nose my "sneeze".
-Kim Scharf

-Jade Stevens

This lover of men will be found owning a chain of malls, while still keeping her job as a legal secretary. She'll be buying gifts for her current French beau P.G. (oui, oui). She hopes to travel to Club Med singing "Hands up, baby, hands up!". "Bye Guys, give me a call; we'll do lunch!"
-Lena Tang

I would like to say farewell to J.C., G.L., C.K., D.S., L.T., & D.H. and thank Mrs.B., W.N., P.J., Mrs.A. and Mr.B. for their influence. I see myself designing fabulous clothes, speaking 3 languages and travelling around the world.
-Khanh Linh Trinh

I'm not striving very high for my future. I'm just planning to win the lottery, and live in the lap of luxury, while I live off the interest. I will have many wives, and many cars. Well, anyways, goodbye Vic High.
-Doug Ure

This year was really cool, eh? I made it! My pet peeve is Math, English, Life Skills and Lunch. The only thing that keeps me alive is music. Once I get out of school, I'd like to work full time in country rock music.
-John Vallis

a) Favorite saying—Ehhh Boy! b) Pet peeve—asbestos stickers c) At school I work, smoke, take down Ken, and Fridays. I will take a year off, work, make money, travel around and relax. It was 13 years of good times and bad times. Led Zeppelin! Bye Vic High!
-Sam Vieites

I enjoy Mr. C.'s and Mr. Sedgewick's classes. I will remember V.H.S. by hockey at lunch, the over-crowded student parking lot and Mr. Twohig's opera music. Teenage Mutant Ninja Turtles and Bart Simpson are the future.

Within our cultural luggage is the experience and wisdom of the world. We can select the finest values of our many peoples. Each of us adds colour to the Canadian mosaic; how we arrange these parts will be our ultimate work of art as people.
-Trang Vu

The most memorable thing about Vic High is the sports. Our volleyball team was the only team that beat Mt. Doug in the '89 Island Championship. I played my best game ever. Thanks to my coach, Mrs. Bond, who taught me how to be a better player.
-Dung Vuong

After graduation I plan to marry a rich good-looking rock star and tour with him around the world. Always remembering Summer '89 and "The Family of Love"! Thanks to everyone for their support, and thank God I'm finally done.
-Kathi Walsh

I am finally graduating. I've had a lot of new experiences in high school. I have begun to create and mold my characteristics from good and bad experiences. I must go forth into the real world.
-Paul Walton

This fanatic wishes to become an Asian Entrepreneurial Business Woman. Shannon, her oriental husband and two anglo-children will return to Canada and purchase the Empress Hotel. To Jun Niki—Kimino kaladaga hoshii! Her last words are: "Sayonara!"

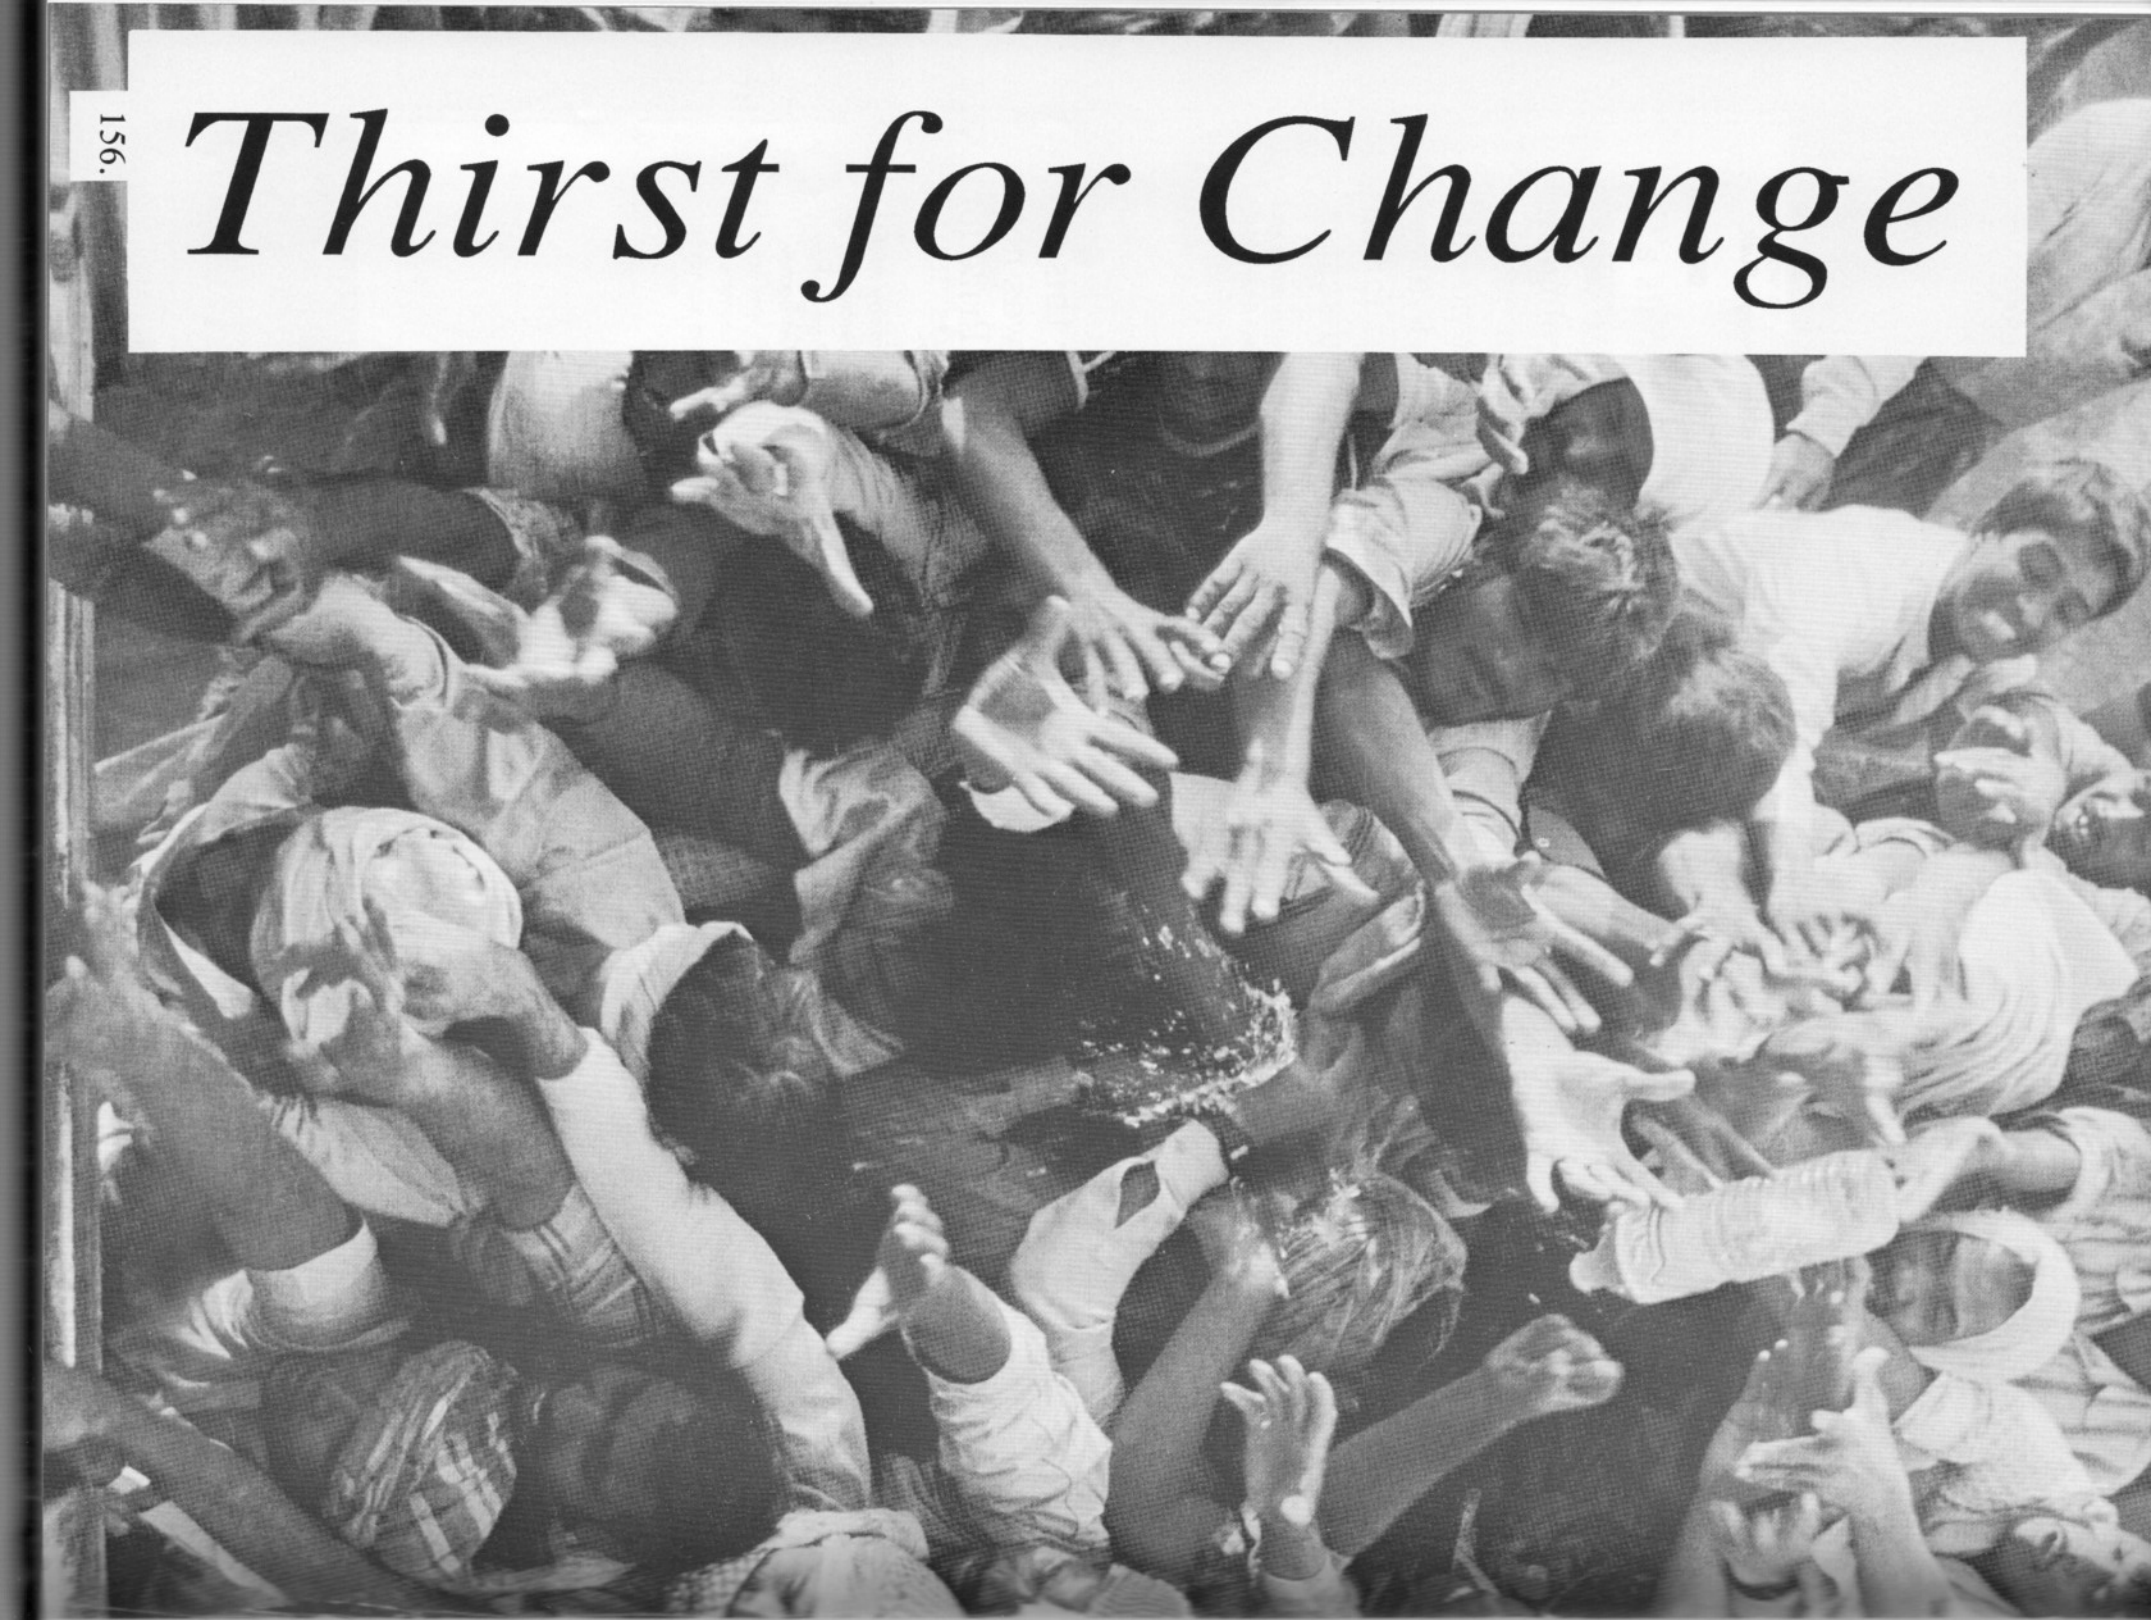
WAR IN THE GULF

"Alas, where has civilization brought us?"

Diptendu Chakraborty
Toronto

HAVE A SLIGHTLY DIFFERENT MEANING.

Thirst for Change



As last year's grads walked off the platform, our world was thirsting for a change from the frosted thinking that prevailed throughout the Cold War. However, as the call of the last year faded away, the voice of the next year came closer. This optimism was shattered when we realized that the same motives, conditions, and realities were haunting our political world. This was another year of social, economic, and environmental problems that must still be rectified. We supposedly emerged from an age of repression, only to plunge into its depths again. As the rainforests of the Earth were being (and continue to be) decimated in the name of profit, another oil tanker spewed toxic oil into the sea — a sea plagued with our own death and decay. Who will deal with such problems and secure a future for the generations to come? We are the ones who must ultimately deal with the dilemmas of our society, whether now or later. The young of today are the leaders of tomorrow.

"The 90's will make the 60's look like the 50's."

Helm's Inn

Gracious and comfortable accomodation.

In the best Victoria tradition.

Whether you're staying a weekend or a season, Helm's Inn welcomes you with gracious accommodations--conveniently located.

The Inn sits on a serene tree-lined street. Walk two blocks to the Parliament buildings, the Royal British Columbia Museum and Victoria's Inner Harbour. Round the corner for a stroll in the beauty of Beacon Hill Park.

Most of Victoria's major attractions and downtown shopping are within a five-minute walk. And getting here is easy--ferry, harbour air service and buses are all close by.

Right away you'll feel at home and comfortable in our rooms. Our bright and lovely accommodations--some with kitchens, all with private bath--are tastefully decorated in a complementary blend of comtemporary and traditional designs. Plenty of free parking is available to our guests.

We look forward to welcoming you...
